10. **Quality; Warranties.** (a) Seller warrants that all Goods delivered will strictly conform to the Order and all applicable specifications, quality documents and drawings, will be of good design, material, and workmanship, will be free of defects, will be merchantable and fit for their intended purpose, and will meet all applicable industrial and governmental safety standards. (b) Seller further warrants that Seller will have title to and the right to sell such Goods at the time of delivery, and that all such Goods will be new (unless otherwise specified in this Order) at the time of delivery. (c) Seller will also transfer to Buyer the warranties on goods and services incorporated into Goods. All warranties will survive any inspections, delivery, acceptance or payment by Buyer, and will run to Buyer, its successors, assigns, customers and users of Goods. (d) Seller will repair or replace, without cost to Buyer, all defective or nonconforming Goods, and pay for all other resulting damage, loss or claims arising out of defective or nonconforming Goods. (e) Seller's warranties with respect to repaired or replaced Goods will be the same as the warranties given with respect to the original Goods. (f) No approval of Seller's designs, drawings, samples, test results, procedures, processes, schedules or other items by Buyer under this Order will in any way limit or diminish Seller's warranties hereunder.
11. **Indemnification.** (a) Both parties agree to defend, indemnify and hold the other, including its officers, directors, employees, parent, subsidiaries, affiliates and agents (collectively, the "Indemnified Party"), harmless of and from any claim, loss, cost, damage, settlement or judgment arising out of the other parties provision of Goods to the Indemnified Party or the presence of Seller's employees, agents or subcontractors on the Indemnified Party's premises. (b) This duty to defend, indemnify and hold harmless extends to any legal claim or proceeding, whether based on contract, warranty, infringement, strict liability in tort, negligence or other legal theory, and also extends not only to third party claims but also to any loss suffered directly by the Indemnified Party.

clause. (c) Buyer must be named as an additional insured party under each of these policies with the exception of the worker's compensation policy. (d) Such insurance coverage must be maintained by Seller at all times while it is performing work under this Order. (e) Compliance by Seller with these insurance requirements does not affect Seller's indemnification or other liabilities under this Order.

13. **Tooling.** (a) Buyer will be the owner of any equipment, tooling or fixturing furnished or paid for by Buyer (collectively, "Buyer tooling"). (b) Seller will, to the extent feasible, identify Buyer tooling as Buyer directs and will dispose of Buyer tooling only in accordance with Buyer's written instructions. (c) Seller assumes complete liability for any Buyer tooling and Seller agrees to pay for all repair, maintenance and replacement of Buyer tooling. (d) Unless otherwise authorized in writing by Buyer, Seller will use Buyer tooling solely in the performance of purchase orders for Buyer. (e) Buyer reserves the right to request and receive a list of Buyer tooling in Seller's possession and to audit such list against Buyer tooling at Seller's facilities.
14. **Materials.** (a) If Buyer furnishes any material for fabrication under this Order, then: (i) Seller will not substitute any other material in such fabrication without Buyer's written consent; (ii) Buyer's title to such materials shall not be affected by incorporation or attachment to any other property; (iii) Seller will maintain strict accountability to ensure positive individual lot integrity of finished product; and (iiii) all such material (except that which becomes normal industrial waste or is replaced at Seller's expense) will be returned in the form of product or unused material to Buyer. (b) Inaccuracies, out of tolerance conditions or inadequacies in quality of materials accepted by Seller will not excuse performance in strict accordance with the applicable specifications, quality documents and drawings. (c) Any industrial waste/scrap from Buyer-furnished material will, if requested by Buyer, be owned by Buyer and collected and segregated by Seller for pick-up by Buyer. (d) Any industrial waste/scrap from Buyer-furnished material in excess of the allowance specified by Buyer will result in Seller being debited for the cost of the excess materials plus appropriate labor and overhead burdens.
- 14.1. **Hazardous Materials.** (a) "Hazardous material," as used in this section, includes any material defined as hazardous under the latest version of Federal Standard No. 313 (including revisions adopted during the term of the contract). (b) The offeror must notify the buyer of hazardous material, as defined in paragraph (a) of this section, to be delivered under this contract. Notification shall take place PRIOR to delivery. The hazardous material deliverables shall be properly identified and clearly marked as hazardous and include any applicable identification number, such as National Stock Number or Special Item Number. (c) The seller agrees to submit, for each item as required prior to delivery, a Material Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently seller is the actual manufacturer of these items. Failure to notify the buyer or submit the Material Safety Data Sheet prior to delivery may result in the seller being disqualified as an approved Seller and from all future orders.

15. Counterfeit Parts Prevention.

- 15.1 For purposes of this Section, “Work” consists of those parts delivered under the Purchase Order that are the lowest level of separately identifiable items (e.g., articles, raw materials, components, goods, and assemblies). “Counterfeit Work” means Work that is or contains unlawful or unauthorized reproductions, substitutions, or alterations that have been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified part from the original manufacturer, or a source with the express written authority of the original manufacturer or current design activity, including an authorized aftermarket manufacturer. Unlawful or unauthorized substitution includes used Work represented as new, or the false identification of grade, serial number, lot number, date code, or performance characteristics. “Suspect Counterfeit Work” means Work for which credible evidence (including, but not limited to, visual inspection or testing) provides reasonable doubt that the Work is authentic.
- 15.2 Seller shall not deliver Counterfeit Work or Suspect Counterfeit Work to Buyer under the Purchase Order.
- 15.3 Seller shall only purchase products to be delivered or incorporated as Work to Buyer directly from the original component manufacturer (“OCM”)/original equipment manufacturer (“OEM”), or through an OCM/OEM authorized distributor chain. Seller may use another source only if: (i) the foregoing sources are unavailable, (ii) Seller’s inspection and other counterfeit risk mitigation processes will be employed to ensure the authenticity of the Work, and (iii) Seller obtains the advance written approval of Buyer.
- 15.4 Seller shall maintain counterfeit risk mitigation processes in accordance with industry recognized standards and with any other specific requirements identified in the Order.
- 15.5 Seller shall immediately notify Buyer with the pertinent facts if Seller becomes aware or suspects that it has delivered Counterfeit Work or Suspect Counterfeit Work. When requested by Buyer, Seller shall provide documentation that authenticates traceability and enables tracking of the affected items through the supply chain back to the applicable OCM/OEM.
- 15.6 This clause applies in addition to and is not altered, changed, or superseded by any quality provision, specification, statement of work or other provision included in the Order addressing the authenticity of Work. To the extent such provisions conflict with this clause, this clause prevails.
- 15.7 In the event that Work delivered under the Order constitutes or includes Counterfeit Work, Seller shall, at its expense, promptly replace such Counterfeit Work with genuine Work conforming to the requirements of the Order. Notwithstanding any other provision in the Order, Seller shall be liable for all costs relating to the removal and replacement of Counterfeit Work, including without limitation Buyer's costs of removing Counterfeit Work, of installing replacement Work and of any testing necessitated by the reinstallation of Work after Counterfeit Work has been exchanged. In the event that Work delivered under the Order constitutes or includes Suspect Counterfeit Work, Seller shall, at

its expense, promptly prove that such Suspect Counterfeit Work is authentic. If Seller is unable to prove such authenticity to Buyer's sole satisfaction, the provisions of this paragraph regarding Counterfeit Work shall apply. The remedies contained in this paragraph are in addition to any remedies Buyer may have at law, equity or under other provisions of the Order.

15.8 At the request of Buyer, Seller shall provide a certification that the Work provided to Buyer does not contain any Counterfeit Work or Suspect Counterfeit Work. Certification may also include or require the submission of an original certificate of conformance, original test reports, or other data traceable to approved labs or other entities to ensure an item is as claimed. Buyer may request clear identification of the name and location of supply chain intermediaries from the OCM/OEM to the direct source of the Work for Seller; and where available, the batch identification of the OCM/OEM for the Work, such as date codes, lot codes, or serial numbers.

15.9 Seller shall include paragraphs (15.1) through (15.8) and this paragraph (15.9) of this clause or equivalent provisions in lower tier subcontracts for the delivery of items that will be included in or furnished as Work to Buyer.

16. Buyer's Property; Confidentiality. (a) Buyer retains title and ownership of all information, materials and intellectual property furnished to Seller in connection with performance of this Order, and the same will be: (i) treated as Buyer's confidential information, segregated from Seller's property, and individually marked and identified as Buyer's property; (ii) used by Seller exclusively for the purpose of completing this Order; and (iii) returned to Buyer at Buyer's direction or upon completion, termination, or cancellation of this Order, along with all copies or reproductions, unless otherwise agreed in writing by Buyer. (b) All Specifications or Samples furnished by Buyer to Seller for rendering or production or any other purposes, shall be considered proprietary and confidential information of Buyer. (c) Seller shall not publish or disclose in any way any of Buyer's confidential information to any third party, or use any of Buyer's confidential information for any purpose other than for the purpose as contemplated by the Purchase Order. (d) All of Buyer's confidential information and all copies thereof (including, without limitation, all materials containing or embodying any of Buyer's confidential information) are and shall remain the sole property of Buyer and shall be returned promptly to Buyer upon completion or termination of the activity for which Seller has obtained such confidential information.

17. Cancellation/Termination for Convenience. (a) Buyer may, at any time by written notice to Seller, terminate all or any part of the Order for Buyer's convenience, in which event Seller agrees to stop work immediately as to the terminated portion of the Order and to notify subcontractor(s) to stop work, and protect and preserve property in its possession in which Buyer has an interest. (b) If the Order is terminated, in whole or in part, for Buyer's convenience, Seller shall be paid an amount, to be mutually agreed upon, which shall be adequate to cover the reasonable cost of Seller's actual performance of work under the Order to the effective date of termination, plus a reasonable profit thereon provided that no amount shall be paid to Seller for (i) any anticipatory profits related to work under the Order not yet performed, or (ii) costs incurred due to Seller's failure to terminate work as ordered on the effective date of

termination. (c) Buyer shall have no obligation to make any of the aforementioned payments to Seller, either for completed items or in connection with terminated work in process, unless Seller shall establish to Buyer's satisfaction that such completed items, or the work in process, including materials, are unusable in connection with Seller's other business. (d) In no event shall the termination charges and all previous payments made under the Order exceed the total Order value shown on the face of the Order.

18. Termination for Default. (a) Buyer may, by written notice, terminate this entire Order or any part of the Order for default in the following circumstances: (ii) Seller fails to deliver the items or perform the services required by the Order and these Order Terms and Conditions within the time specified in the Order, or any extension granted by Buyer in writing; or (iii) Seller fails to perform under any of the other provisions of the Order and these Order Terms and Conditions or fails to make progress so as to endanger performance of the Order in accordance with its terms and Seller does not cure, or submit to Buyer a plan to cure, such failure to Buyer's reasonable satisfaction within a period of ten (10) days after receipt of notice from Buyer specifying the failure; or (iii) Seller becomes insolvent or makes a general assignment for the benefit of creditors, or files or has filed against it a petition of bankruptcy or reorganization, or pursues any other remedy under any other law relating to relief for debtors, Buyer deems that Seller is insolvent or in the event a trustee or receiver is appointed for Seller's property or business.

18.1. (a) If the Order is entirely or partially terminated by Buyer under this provision, Buyer may procure, upon such terms and in such manner, as Buyer may deem appropriate, items or services similar to those terminated. Seller will be liable to Buyer for any and all re-procurement costs for similar items or services, including any price for similar items or services that is higher than the price applicable to the Order; provided, however, that Seller will continue the performance of the Order to the extent not terminated. Seller will not be liable for any additional costs if Seller notifies Buyer in writing within ten (10) days of the existence of the cause that Seller's failure to perform the Order: (i) arises out of causes beyond the control and without the fault or negligence of Seller. These causes may include, but are not restricted to, acts of God or of the public enemy, acts of a government in its sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; or (ii) is caused by the default of a vendor or subcontractor to Seller, so long as the default arises out of causes beyond the control of both the Seller and the vendor or subcontractor, and the subcontracted items or services were not obtainable from other sources in sufficient time to permit Seller to meet the required delivery schedule.

18.2. (a) If the Order is entirely or partially terminated under this section, Buyer, in addition to any other rights, may require Seller to: (i) Transfer title and deliver to Buyer, in the manner and to the extent directed by Buyer, any completed items and any partially completed items and materials, parts, components, tools, dies, jigs, fixtures, plans, drawings, information, software, and contract rights (hereinafter called "Contract Materials") as the Seller has specifically produced or acquired for the performance of the part of the Order that has been terminated; and/or (ii) Protect and preserve property in the possession of Seller in which Buyer has an interest.

18.4.(a) If, after notice of termination under this section, it is determined that Seller was not in default, or that the default was excusable, the rights and obligations of the parties will be the same as if the notice of termination had been issued pursuant to the section entitled "Termination for Convenience."

19. **End of Life.** (a) In the event Seller intends to replace or discontinue the manufacture of a Good, Seller will give Buyer at least 6 months prior written notice and accept additional Orders for such Good until the end of the 6- month notice period. Seller may not discontinue manufacture of a Good until all outstanding Orders for such Good have been filled.

20. **Compliance with Laws; U.S. Export Controls.** (a) In performing work under this Order, Seller and its subcontractors will comply with all applicable federal, state, and local laws, and the rules and regulations of any governmental authority. This includes strict compliance with all applicable export control laws, labor laws and regulations of the United States and all applicable trade regulations under U.S., foreign or other relevant jurisdictions.
