

POSITIONS AVAILABLE

Test & Measurement Engineering

KIHOMAC is currently seeking mid-career level software and hardware engineering professionals and technical leaders for our team.

In aerospace and defense, *technology* is the platform, and KIHOMAC delivers it. Come and join our team supporting Naval Aviation weapon system acquisition, research, development, test, and evaluation.

We offer competitive salaries, outstanding benefits, and a customer oriented, positive and authentic culture. Our medical, dental, and vision coverage are first rate with low employee contributions.

PATUXENT RIVER OFFICE

Positions are currently available at our Southern Maryland office. Enjoy everything Maryland has to offer including 3,000 miles of coastline, early American history, boating, fishing, sports, entertainment and some of the best seafood in the country.

If you're looking for a fast-paced, high-tech position supporting essential missions, send a copy of your resume to TA@kihomac.com
